OFFICE OF
The Govt Architect and Secretary,
Town Planning Committee,
Bangalore

Date 25-August 1944

To

The Legal Remembrancer and
Secretary to Government,
Law Department, Bangalore

Sir

I have the honour to enclose herewith a copy of letter No H C 92 dated 6-8-1944 received from the President, Municipal Council, Krishnarajanagar, with the following observations -

The enclosed town plan for Krishnarajanagar was prepared by Mr G H Krumbiegel the then Consulting Architect and Town Planner under orders of Government and was officially approved by Government before the town was laid out An essential feature of this plan is the central open recreation ground (Park) around which the whole town is grouped In the enclosed plan this central feature is marked dark green while the lands reserved for public buildings of all kinds are marked light green

The enclosed proposal of forming shops in the land reserved for the central public park is only the last example in a long chain of similar proposals which were received in this office including among others proposals for Cinemas, markets, shops and housing sites and many other commercial propositions sponsored either by the Municipal Council as a whole or by some fraction of Krishnarajnagar merchants

Under these circumstances it seems necessary to obtain a definite ruling from Government that the park in the centre of the town is to be kept open and cannot be utilised for any commercial purpose or filled with buildings of any kind The open space in the centre of the town is urgently required for play-ground for the adjoining schools and as a lung space for the surrounding housing areas Ample open ground is available in the out-skirts of the town and even fairly near to the centre which may be used for shops, Cinemas and business enterprises of all kind

The Municipal President may, therefore, be instructed that Government has no intention of altering the original lay-out of the centre of the town and that proposals like the one under reference are therefore futile
